Our Ref. 3448-103

Dear Mr. Chun:

We enclose the decision of the USPTO's Office of Petitions ("Decision") in regard to the Petition to Revoke the above referenced patent application. Unfortunately, the Petition to Revoke has been DENIED. Any request for reconsideration must be filed by April 27, 2008. (This date is extendible up to September 27, 2008 upon payment of fees; however, an account of any further delay must be made in any request for reconsideration and further delay will generally weigh against the merits of the petition.)

The Decision stated that the Petition to Revive omitted an adequate statement that the entire delay was unintentional. We will forward our specific recommendations for drafting a request for reconsideration shortly. Generally, declarations as to the unintentional nature of all delays—executed by the assignee(s) of the application, the applicants, and/or other individuals (e.g., attorneys and/or agents) involved in the prosecution of the application, decision to file the Petition to Revive, preparation of the Petition to Revive, and any request for reconsideration—from January 7, 2004 to the date of filing the request for reconsideration will need to be filed with the request.

Also, we ask that the enclosed Power of Attorney be executed so that we may receive correspondence from the USPTO regarding the application and petition.
